

Birdie the Catering Trolley

FOR MORE INFORMATION: CALL OR TEXT 228-669-7229
OR E-MAIL NAOMIS@NAOMIS.COM

Birdie is a vintage trolley converted into a fully self-contained mobile commercial kitchen. Birdie is owned and operated by Naomi's Catering, Inc. We are a full-service custom catering business capable of providing a full range of event needs such as food, staffing, rental coordination, and bar services (client provides the alcohol, we serve)

With Birdie the Catering Trolley, we offer three hosted service options.

1. Use of the trolley as a "field kitchen". Service will be the same as any other catered event. Perfect for large events where window service would not be an option, but buffet service is requested and for remote areas with no kitchen or staging facilities.
2. A "Hosted Food Truck Experience". We offer a menu for guests to order at the window. We can offer full plate menus (protein, starch, veg) in some kind of carry-out boat or container or heavy hors d'oeuvres in samplers. This is great for events under 100, or where the guests might be coming in a flow situation.
3. A combination of the two. We set up a small station with a few items (such as appetizers, salads, or desserts) for people to help themselves, but then we also have food served from the window.

We have found that guests really enjoy the "food truck" experience—they like standing in a short line, talking with each other about what they are each going to order. It's a bonding experience. People sitting at the same table might all get different things so they can share.

Menus can be chosen from our regular Naomi's Catering menus at www.naomis.com. We are happy to customize to your needs and budget!

Set-up/rental fee will be discounted based on food and beverages purchased!

Basic Package: Set-up/rental fee for Birdie is \$500 (non-refundable and due upon booking) for a 2-hour event. The Basic Package Includes:

1. Two staff for up to a two-hour event. We required 1 hour set up time and 1 hour to break down and clean up. **Four hours total**
2. Generator service and propane for a 2-hour event.
3. Two large waste cans with bags (sufficient for 100 guests)
4. No food, beverage or table service staff are included in this price.

PREMIUM PACKAGE: Full set-up/rental fee for Birdie is \$750.00 (non-refundable and due upon booking) for a 3-hour event. The Premium Package, full set-up fee includes:

1. Two staff for up to a three-hour event. We allow up to three hours for set-up and one hour for break-down, **allowing a total of seven hours**. Any time over seven hours total is \$100 per hour, payable at the time of service.
2. Generator service and propane for a three-hour event.
3. Tables and available linens (white linen, or black spandex) for a limited number of food/beverage stations (if needed). All other tables, chairs and linens would be additional rental items.
4. 25' of patio string lighting and our LED lights on the trolley. The LED lights can be solid colors, or can be set to pulsate, run, or flash.
5. We have a two-speaker blue tooth party sound system available upon request for no additional fee. We can provide a play list of the client's choice on our Apple Music subscription, a favorite one the client already has that they can share to our iPad, or pair with your own device. We also have a microphone for toasts, announcements, speeches, etc.
6. Two large waste cans with bags (sufficient for up to about 100 guests)
7. No food, beverage or table service staff are included in this price.

REQUIREMENTS:

The area must have a minimum of 13' of height clearance and 1600 sq. ft. of a hard, solid surface. If we don't set up the patio string lighting, less space is needed. This space must be accessible via a hard, solid path at least 12' wide with no danger of scratching from any landscaping, bushes or trees. Both the parking surface and pathway must remain so during wet conditions. Towing or removing Birdie from a stuck situation will incur a \$1500.00 charge.

A pre-event site visit is required to determine if the area is suitable and accessible.

Birdie runs on an 11,000-watt enclosed, very quiet generator. You can barely hear the generator and if there is music playing you won't hear it at all. If you prefer we not run on generator power a 50 amp power outlet will need to be available within 25' of the trolley and will need to match our power cord. Installing this power source will be the venue or client's responsibility and expense.

For safety and liability reasons, no one other than our staff will be allowed on the trolley. Absolutely no one other than our staff will be allowed to move or drive the trolley.

The crew!!

Daytime Birdie/Basic Package. For nighttime she still has the colored LED Lighting

Below is Birdie set up in the Premium Package!
